

STATE LICENSURE RECIPROCITY DISCLOSURE

College of Hair Design will provide the program of study that meets minimum curriculum requirements as prescribed by the state of Nebraska.

For states outside of Nebraska: the institution has not made a determination on whether the program meets other states' educational/licensure requirements.

Information regarding other states requirements can be found at the following link:

<https://www.beautyschoolsdirectory.com/faq/license-requirements>

The College of Hair Design does not provide training or activities out-of-state. All programs offered at the institution lead to professional licensure in the state of Nebraska.

All students, including those who live in bordering states, are notified prior to enrollment that education received at College of Hair Design follows the state regulations which require: 1800 hours of education for Cosmetology 600 hours of education Esthetics and 1800 hours of education for Barbering.

The institution makes information available to students and applicants regarding the hour requirements in other states and recommends that all applicants and students familiarize themselves with the comparison of other states' regulations and hours required for licensure, as applicable. This information may be obtained through the school director's office.

Additionally, the Transfer Policy indicates that *"College of Hair Design does not guarantee transferability of credits earned to any other institution."* Per the transfer policy on the website and in the catalog, our curriculum has not been reviewed for compliance with other states' professional licensure requirements.

College of Hair Design is a designated Legacy Partner of Pivot Point International and their educational resources, Pivot Point Fundamentals. The Fundamentals curricula are used in all three of our programs and are recognized and referenced by the National Interstate Counsel (NIC).
